“

Sebastià Portell's most ambitious novel draws Ismael Smith's career with a set of voices to embody the tensions and chiaroscuros that the provocative artist captured in his work.

”

SUCCESS AND FAILURE BASED ON THE PROFILE OF ISMAEL SMITH, ONE OF THE MOST QUEER, GENUINE AND EXCEPTIONAL FIGURES IN ARTISTIC HERITAGE.

From the Barcelona of 1886 to the New York of 1972, the novel *Les altures* (*The Heights*) traces the life of Ismael Smith, painter, sculptor and engraver and a brilliant promise of Catalan art at the beginning of the 20th century. Smith sought success among the wealthy families of turn-of-the-century New York but was banished a short time later by the bourgeoisie who had exalted him. Dark and tormented, Ismael Smith ran into public misunderstanding but had a lucidity that briefly brought him fame.

The choral portrait of a life crossed by misunderstanding and by notions of success and failure in the world of art.

“

CREXELLS AWARD - The Jury:

THROUGH A FRIENDLY, DIRECT AND ELECTRIFYING STYLE, THE NOVEL DESCRIBES THE FUTURE OF A POWERFUL FAMILY, A DISAPPEARANCE, AN UNCONFESSABLE SECRET AND A WRITER WHO IS READY TO DISCOVER THE WHOLE TRUTH. LOCATED IN THE DEEP MALLORCA OF BUSINESSMEN, SMUGGLERS AND THE NOUVEAU RICHE, IT PRESENTS FAMILY PLOTS, OF REVENGE, ENVY AND REPROACH.

”

A Mallorcan writer living in Barcelona is commissioned to write the biography of Dora Bonnín, a terrifying and controversial theater actress who has just died leaving behind a series of intimate diaries. Bit by bit, the protagonist will discover that these diaries hide a very dark secret that could dismantle the empire of the Verderas, a very powerful family from Mallorca, known as Falangists, who got rich by making shoes. Melcior Comes narrates a psychological adventure about the way we

understand the world and ourselves, a return to the origins to discover a painful and terrible family mystery, a frantic chronicle of the horror years of the Transition. Between Balzac, Philip Roth and Llorenç Villalonga, the author builds an often delirious, magnetic tale, a symphonic thriller that drags us with its freedom from the very first pages, a novel full of voices and black humor.

A real literary feast. A turning point in Comes' narrative.

“With the energy of Dickens and the humor of Franzen.”
El Periódico

“The great contemporary novel of Mallorca and the family as an institution” -
L'Espolsada, bookseller

“The author plays intelligently. [...] It shines above all for the vivacity of the prose and for its characters.” - **Núvol**

“A novel that progresses naturally towards its final point, the narrator's voice acts with solvency, and one could say that a firm hand cunningly directs the multiple threads of the story.” - **El País**

“It is not only a magnificently organized account of a series of intrigues but also allows an approach to the social contexts where the main actions take place.”

During the 1980s, Cussà developed a drug addiction that he called “the red years”. He captured this experience in Cavalls salvatges, his first work and most iconic by far.

The faithful portrayal of the marginal world of addiction and hard drugs in the rural Catalonia of the 90's.

The chronicle of a broken generation.

A disturbing, agile and poetic tale of «the generation of suckers», in the words of its protagonist. A generation that galloped between ecstasy and hell until addiction, or AIDS, cut short their lives and found in Jordi Cussà, one of its survivors, the best possible chronicler.

Wild Horses is a brutally powerful, unflinching account of the heroin epidemic that swept across Catalonia in the 1980s. The novel, told from a variety of points of view, tells the story of a group of friends as they buy, sell, and consume heroin and other drugs in their home town. A kaleidoscope of voices, stories, song lyrics and heartbreakingly all-too-real characters. It is a true classic of modern story-telling that is both shocking and captivating at the same time.

A fast-paced adventure novel about a magnetic, almost mythical figure in Chinese culture: Emperor Qin Shi Huangdi. A memorable portrait of greed as the great poison of humanity, a suggestive description of the cultural relations of that distant empire with its neighboring cultures, and the construction of an environment and characters that leave a classic after-taste.

The chronicles offered all the elements to build a memorable novel and Jordi Cussà releases all his narrative torrent in an adventure that has just placed him in a position of reference among the best Catalan novelists.

Civilization advances by strokes of genius, and this novel is an example of it. Where did the lightning flashes of inspiration that catapulted works like those by Ramon Llull, Antoni Gaudí and Patti Smith come from? We will get closer to the answer following the adventures of a mysterious elixir capable of bringing out the best and the worst in each one. We will find illustrious disciples of Leonardo, boorish friends of Cervantes, the last delusions of Edgar Allan Poe or the secrets of the brilliant daughter of William Shakespeare. And the story of a writer, Virgili Parda, who strives to finish an endless work, attached to the same source of enjoyment, knowledge and poison shared by the protagonists of his fiction.

“

Jordi Coca tells not only the life of a cat but he explains how your own life is entirely changed. And wonders if one can love a cat as if it was a person.

A house, a town, Barcelona, the theater, the couple and a cat. And the life that goes by. A story about loving and the difficulty of doing it, about truth and experience, about desire, loneliness and lack of communication.

”

“Maybe you want a cat? I have quite a few that are so beautiful and I don’t know what to do with them. If I cannot find them a house, they will have to be killed.”

And so, this suddenly, a light fur cat, Cloudy, bursts into the life of a couple newly installed in a town house. Living with the cat allows the narrator to discover that this little being is intelligent, has a personality and ex-

periences mood swings. And he also realizes with astonishment that the cat is looking at him with an air of absolute dignity.

The works of Anton Chekhov and Cesare Pavese resonate in this novel by Jordi Coca in which, between reality and fiction, the force of life and falling in love prevail as the main protagonists through Cloudy, a good, noble and innocent being.

For little Junil, life turns upside down when her family dies in a fire. Only she and her father, a ruthless cruel man, survive, and they try to rebuild life in the city of Nyala. A second disaster will force Junil to leave again, this time not to rebuild her life but to save it.

She leaves the limits of the empire not as the helpless girl she was but as a clever and strongest young woman who, surprisingly enough, can read. In the company of three runaway slaves -a maimed, an old gladiator and a scholarly and quirky custodian of the goddess Minerva-, she undertakes a journey towards a land where slavery does not exist and learns to grope through an unknown world where gods and languages vary. This life journey is not only a scape but also follows the irresistible lure of the verses of Ovid, the exiled poet that feeds her soul day after day.

Mei, a forty-two-year-old woman immersed in an apathetic marriage and who has just been fired from her job, decides to take refuge in the house where she grew up, a small farmhouse in the middle of the forest. There she will face her past, an inopportune present and a drifting future.

“

A vindication of the too often forgotten women artist. From muses to creators.

Fictional characters meet with personalities such as Picasso, Modigliani or Gertrude Stein, and also with women who marked the art scene but remained in the shadows.

”

In 1925, in a bright studio on the banks of the Seine, a woman paints her self-portrait in which she appears nude. The artist and model is named Valeria.

In the spring of 1974, Olivia is about to graduate in Art History and accompanies her grandfather, an old antiquarian, to empty a flat that belonged to Lukas Hailer, an Austrian-born art dealer who has just passed away. To Olivia's surprise, behind a painting appears the oil painting of a naked woman that had been hidden for decades, a discovery that will be an edifying mirror and a great motivation for Olivia's life path, which will be marked forever.

From that moment on, Olivia will try to discover the origin of this mysterious work and the search will take her to the heart of the most bohemian Paris, in the middle of the 1910s.

El Temps:

“The novel vindicates the female artist not only as an object but also as a subject. Because beyond the muse there is the creative woman, with her own voice.”

El Punt Avui:

“A laborious and absorbing research work, an unattainable vein.”

Núvol:

“Full of love relationships, there are bonds of all kinds: free love, love not so free.”

Everything would be perfect... if it weren't for the fact that in her existence almost nothing goes as it should. Her life is shaky, her boyfriend has left her, she runs away from her friends to avoid any explanation and she prefers to get away from her family. One day, by chance, Aurora meets Brais, a ten-year-old boy from a broken family, curious, impertinent, exceptionally gifted whom she is not able to get rid of. **But, above all, there is the elephant, that pink elephant in the middle of the room.**

Pollença Award jury:

The novel captivates readers by the human depth of the protagonists, by the emotionality of the dialogues and situations and by a vigorous prose full of memorable images.

There is a high degree of intimacy, complexity, contradiction, humanity, and sensitivity in the narrative and in the bonds between the female characters.

The characters are very well drawn and escape the simplism and thick lines. It is a novel that avoids stereotypes

Mothers and daughters forced to share the wounds and a story of the second chances that rarely come in our lives.

After 30 years, the protagonist meets again her nonagenarian grandmother who lives in a residence and suffers from advanced dementia. The impact of this meeting leads her to remember her childhood marked by the divorce of her parents in the 80s, the depression of her mother and the re-

lationship she establishes with her grandparents and with her father. When she tries to put in order a series of past scenes we discover an introverted girl who watches the family's defeat from a silent distance. Between those memories of a grandmother and a mother who never knew how to be a grandmother and a mother, the protagonist must decide what mother she wants to be for her daughter.

Calvino's Palomar revives in Barcelona.

In Vallès' Palomar there is not only the Palomar of her Italian master. [...] He crossed paths with Zazie in the subway by Raymond Queneau or Monsieur Teste by Paul Valéry.

CORRIERE DELLA SERA

PERFECT BALANCE BETWEEN THE EASE OF THE HOW AND THE DEPTH OF THE WHAT, BETWEEN THE STORY AND THE FLÂNEUR'S MEDITATION.

One morning in August 2019, Mr. Palomar lands in Barcelona to settle in with his wife and daughter. And it is from here that we will follow him for a whole year, while he is dedicated to walking through a city that he looks at and studies, and where he lets himself be traversed by everything he sees. His walks allow him to measure the tiny details and Vallès' builds the perfect scenario where they are caught and turned into literary material.

Moved to Barcelona, Palomar is and is not that of Italo Calvino. Vallès' character is a new Palomar, not Calvino's follow up. As the author explains in the epilogue, "this book comes from a no", from the refusal to accept the character's death.

Excerpt from UK Reading Report

(by Laura McGloughlin)

“*La memòria de l'arbre* is a beautifully-written, poignant novel about the relationship between a boy and his grandfather, told in a series of vignettes, which leaves a lasting impression on the reader.

The novel is artfully constructed as a series of memories and glimpses into one small boy's world as it changes around him, often evocative and quietly devastating. The novel's true strength, however, lies in the writing. Vallès' style

is deceptively simple yet effective. Vallès realises Jan's voice brilliantly -he is bright and sensitive to the moods of the adults around him, and his narration never feels contrived. I loved this novel and it stayed with me for days after I finished reading it. Vallès manages to evoke genuine feeling in the reader -the depiction of the relationship between Jan and his grandfather brought me to tears more than once.

Its universal themes of love and memory, coupled with the increasingly topical subject matter of dementia, make this a very universal novel.

”

Albert Villaró

Historian and writer who has built an unclassifiable and multifaceted novelistic corpus widely awarded. His first works live halfway between the description of manners, absurd humor and false erudition and novels by then are a parody of the stereotypes of the crime novel transferred to rural environments, presented with a slyness that borders on the sarcasm. . Afterwards, he sets his thrillers in contemporary Andorra with character Andreu Boix and writes other novels with more diverse approaches but with a common denominator: a fanciful re-election of the past.

AN APOTHEOSIS OF HISTORY, SCIENCE AND MAGIC SET IN THE PYRENEES!

HIGH LITERARY TRAITS BLENDS WITH COMMERCIAL TO MAKE THE PERFECT NOVEL, BY ONE OF THE MOST ORIGINAL AND SOLID VOICES OF CONTEMPORARY CATALAN NARRATIVE.

A surprising novel, with humor and action, where science and the darkest arcana share a unique setting, haunting and full of beauty: the harsh mountains of the Pyrenees.

Spanish

Wild nature, magic and mystery come together in the incredible story of this Prussian soldier.

Spring of 1837: incredible events shake the severe mountains of the Pyrenees.

In 1997 Albert Villaró was municipal archivist of La Seu and he received from the hands of the widow of an antique collector the diary of Ulrich von Wilamovitz, a Prussian soldier, erudite violinist and botanist who participated in the First Carlist War. The notebook describes the incredible events that took place during the terrible spring of 1837 and that the soldier's unique traveling companions lived with him: Osinalde, a liberal doctor; the enigmatic Mina, their young guide; and Father Cebrià, a monk who escaped from the Montserrat monastery.

A hilarious rural noir set in a Pyrenean village.

Nothing ever happens in Llobarca, a tiny mountain town near the border with Somorra. Tomàs takes care of his cows, his silent uncle, his formal girlfriend, dodging the collapse of a microcosm condemned to disappearance. Nothing ever happens, until something happens that disturbs such placidity: there are strange movements in an old smugglers track. From then on, everything changes. Tomàs ends up putting his cows aside for a few days and begins a new vital facet dealing with traffickers of the highest rank, corrupt policemen and journalists who are too gossipy to free the girl he loves and who, unfortunately, is not his girl and to clarify, incidentally, a case that has brought too bad a mood to the town.

"The novel is just what it sets out to do: a suspense story in an unusual, non-metropolitan space (the Pyrenees), with some social references (village behaviors) uncommon in this genre, treated in a comical way."

How science should help answering philosophical questions.

Humans have a unique ability to understand our existence. Knowing our genetic, biochemical and cellular characteristics, in the context of history, culture and evolution, can help us better understand ourselves as a species and answer, from scientific methodology, some of the questions that philosophy has traditionally raised.

In this essay, Macip proposes to analyze the human condition through what he calls “rationalist biohumanism”, a tool that should allow us to transgress biological determinism in order to achieve a life in a dignified and just society.

“

IF WE PUT BOUNDARIES BETWEEN HUMANITIES AND SCIENCE WE WILL NOT BE ABLE TO MOVE FORWARD, ESPECIALLY WHEN WE ARE FACING A TECHNOLOGICAL REVOLUTION THAT CAN CHANGE EVERYTHING (EVEN HUMANITY ITSELF).

HUMANISM NEEDS SCIENCE, AND VICE-VERSA. REASONING AND EMPIRICISM ARE NEEDED AND COMPLEMENTARY.

Showing body hair is not a simple harmless option. Not waxing and showing it openly is usually a political decision.

Razors, tweezers, wax and creams: these are the tools for the initiation rites that signal the passage from girl to woman. Hair is no longer a sign of joy but a battleground of cosmetic surgery. This short book dismantles preconceived ideas about the supposed benefits of body hair removing and analyzes the social penalty that comes with showing body hair as it is born. With clarity and courage, Olid exposes the contradictions and hidden costs of hair removal, and issues a rousing call to women everywhere to set themselves free from the urge to please everyone else and to focus, instead, on what pleases them.

In Mexico the border is a library, in Lixouri the radio, the light in Hong Kong, a drink in Tallin, in Tiraspol a notebook, in Zagreb a night train, in Belfast were words and Berlin was the total border.

Borders are key points of cultural confluence and political conflict, of linguistic mixture and of historical transformation. They are a magnificent social phenomenon and inexhaustible reading. Following the trace of these lines drawn on the maps, we delve into the history of their towns in a privileged way. Partal has lived endless experiences and moments of great journalistic significance, and here he leaves a good example of it. Thirty-seven chapters where we'll attend the division of the Soviet Union, the ravages of the Balkan war, the birth of republics and the revival of officially extinct languages.

A fascinating journey.

An incredibly lucid and openminded approach on borders.

PARTAL IS ONE OF THE JOURNALISTS WITH MORE EXPERIENCE AND IN DEEP KNOWLEDGE ABOUT GEOPOLITICS AND BORDER SPACES.

«Contrary to what people usually think, and against what states want us to think, borders are always a human invention and not even the most apparently natural ones are so.»

A look backwards to a time and life in the Pyrenees of which practically no trace remains.

The chronicle of one of the most devastating tragedies in the history of the Pyrenees: the last person sentenced to death in Andorra.

This is the story of a fratricide that shook the Pyrenees.

In 1943, Andorra was trying to resist the attacks of the European powder keg. Spain was immersed in the worst post-war period, with the republican exodus underway and fascism prevailing proudly; France was under the occupation of Nazis, who were especially interested in the Andorran mountains. In this context, and in between them, the most notorious crime in the Andorran black chronicle took place. Months later, the brother who remained alive was sentenced to death and humiliated in the public square. Which death was more unfair? This book is the attempt to give an answer.

The immense prestige of the works of Shakespeare is overwhelming and makes of him an undisputed classic. Despite knowing that his texts have been understood in different ways throughout the centuries, today it seems to us that the meaning of what he wrote is timeless and established forever. So much so that we never wonder how the audience of his time understood the proposals of this man, who basically dedicated himself to rewriting texts by other authors.

Shakespeare's Dramas In Context goes to the first meaning of the author's thirty-six most canonical works, bringing us closer to what the spectators of his time knew and that today we do not know. For this, both historical data and political and cultural events, Elizabethan censorship, the influence of traditions, and the customs, fashions and literary trends of the time are taken into account.

"AN ESSAY TO RESCUE THE HISTORICAL CONTEXT OF SHAKESPEARE, TO SEE WHAT WAS THE ORIGINAL PURPOSE OF SOME OF HIS CANONICAL WORKS. THE LAYERS OF INTERPRETATION THAT HAVE BEEN ADDED LATER DISTORT THE MEANING OF THE TEXTS."

LA VANGUARDIA

"TO PROPERLY READ SHAKESPEARE'S DRAMAS ONE HAS TO DEMYSTIFY THE AUTHOR. THIS ESSAY IS NOT A RESEARCH OR A BIOGRAPHY OF THE AUTHOR, BUT A HISTORICAL CONTEXTUALIZATION."

NÚVOL

- Is *Julius Caesar* referring to the great Roman leader?

- Where does *Troilus and Cressida's* shockingly ironic harshness come from?

- To what extent *King Lear* was a topical issue when it was released?

- Is truly *Macbeth* a play about political ambition?

- How Shakespeare reaches the startling psychological depth of *Antony and Cleopatra*?

Jordi Coca

Novelist and playwright. He has a doctorate in Performing Arts, an Advanced Diploma in Catalan Philology and a Higher Degree in Dramatic Arts. His literary career began with *Un d'aquells estius* and he has published numerous works ever since, including novels, short stories, poetry and plays. In *El teatre de Shakespeare en el seu context* Coca tells of the first meaning of the author's most canonical works, approaching us to what the spectators of his time knew.

Asterisc Agents & Awards

Asterisc Agents was born in 2016 from the infatigable curiosity of two literary agents dynamic in mind and innovative in spirit.

Since then, Asterisc has grown with permanent attention to detail without losing the essence that drives the project, and convinced that only with tenacious work, personal deferential contact and the tireless will of growth and improvement, any goal set can be reached.

Today, Asterisc Agents already has a carefully selected list of authors and foreign representations that consolidate and project the

agency to the international market. The authors who have trusted the agency have received awards and recognitions of first national level and their works do travel around the world, where they are being discovered by new readers from other latitudes. Attendance to international salons and book fairs (London, Guadalajara, Frankfurt, Bologna, Turin...) is the way for us to share our books and keep doing what we love and know how to do: to spread the passion for good stories next to its authors, the publishers who publish them and the readers who read them.
