Fern Flower Series | VOLUME 1

Over **550.000** copies sold of the whole series!

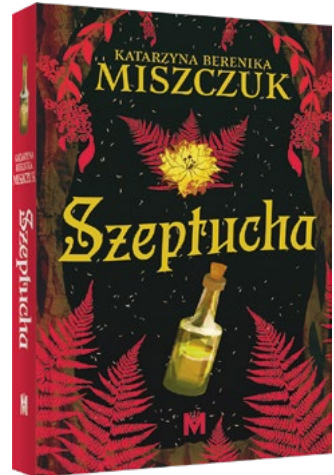

You may not believe in the Slavic gods, but they believe in you!

Gosia sanctimoniously believes in the power of antibiotics and is irrationally terrified of ticks. After graduating from medical school, she reluctantly begins a mandatory internship with the village healer, Baba Yaga. She soon learns firsthand that a glass and an eye are sometimes not enough. Along the way, she meets the handsome apprentice of the local priest. They say love can be found anywhere – even in a forest full of ticks.

Ida Brzezińska has Plans with a capital P. Unfortunately, she also has Bad Luck – again with capital B and L.

Her fate as the heir to a multi-generational magical family seems sealed, especially since it's only a matter of time before anyone discovers that she can see ghosts. And then, goodbye freedom! Hello, medium training under her bossy aunt! Ida plans to contact the dead only over her own dead body. So, when she stands her ground and keeps her supernatural gift a secret, she begins an ordinary student life, half hoping and half deluding herself that her troubles are finally over. But, in fact, this is only the Beginning. With a capital B!

Kilian Storm series | VOLUME 1

It was supposed to be the easiest of cases. One day should have been enough to solve it. So what went wrong?

On an island that had once been a penal colony, a worker for the Black Company suddenly vanished. Now, Warden Kilian Storm and his deputy, Ogre Gustav Gunderberg, have plenty to do but few people to assist them. There's an aging Groundsmel (an earth creature), an overly optimistic nobleman's son, and a restless woman who is also an excellent thief. Quite a mismatched crew.

Together they pursue a mystery that soon proves far darker than they could ever imagine. Every trail leads back to an abandoned house that witnessed a horrifying murder years ago. The streets are full of suspicious outsiders, and the bushes hide mutilated animals. The ogres are growing restless, and all the islanders whisper of a creature born of darkness, one that has awakened to devour all who do not belong here.

In Paulina Hendel's book, mystery and fantasy dance together, darkness hides a spark of humor, and in the eye of every beast burns a light that draws you in.

## Why this book?

*Black Pond series I VOLUME 2*

**Legends don't sleep in Black Pond, they hunt.**

Black Pond is a town you won't find on any map. And if you do, it's best not to go there. Beneath its sleepy facade lies a world of ancient legends, unsettling creatures, and secrets no sane person would dare to uncover.

Kamil Jura and his gang – Długi, Niedźwiedź, and Akira – already know that nothing in Black Pond is ordinary. As the new school year begins, they find themselves face-to-face with Wi: a beautiful, dangerous figure born of folk myth. Her voice deceives. Her charm kills. And the whispered rumors of disappearances are only the beginning.

Luckily, the heroes aren't alone in their fight. They're joined by the enigmatic cat Mr. Pulman – a creature who sees more than he should and whose origins trace back to the legend of the forgotten sorcerer Laurent Durze.

### Devilry

---

One, two, three... ready or not.

Sometimes, tempting fate summons something far worse. It's better not to dig up shallow graves.

Czartyże are back.

Darker. More dangerous. And as unpredictable as the autumn fog.

Czartyże – a forgotten town where the past never sleeps and evil lies in wait for the perfect moment to crawl from the shadows. The Black Volga has rolled straight into Hell. Summer is over. But for Maja, Kuba, and Sławek, the nightmare has only just begun.

Autumn descends on the Baltic coast. Fog wraps the forests in a suffocating shroud, and night falls far too soon. The trio must confront a haunted house, a vengeance-fueled witch, and shadows older than history. But this is just the beginning...

As spectral forces rise from the mist and memories claw through the cracks of reality –

Will Czartyże be consumed by darkness?

Will witch-born wraiths smother the town in their long-awaited reckoning?

Breslau trilogy series | VOLUME 3

Over 30.000 paper copies sold of the whole series

Great evil always begins with small evil.

After the harrowing experiences of the past summer, it seems the paths of the Stern sisters and their strict aunt have diverged for good. But a chance meeting in a quiet mountain café forces the former allies to reunite. With only a tattered postcard and an old teacup as clues, Jusi, Klara, Gerd, and Karolek – joined once more by Mrs. Matilda – depart Breslau on a quest to find the missing Eleonora before she vanishes without a trace.

What awaits them is far more sinister than expected. Time itself appears disturbed, awakening specters from their deepest nightmares. And Eleonora is not the only one fighting for her life in the chilling shadow of the snow-covered mountains.

## I, She-Cursed

Angels & Devils series | VOLUME 3

Be careful! Don't get lost in the maze.

Communication problems can ruin even the best relationships. Instead of listening to me, Beleth vanished without a trace. And me? I ended up in Tartarus – completely by accident.

The underworld is so dreadful that neither devils nor angels are allowed to enter. Only the darkest souls end up here—souls that don't even deserve a shadow of joy after death. There are no colors, and the only food is potatoes.

This is not how I imagined the place where I'd spend eternity.

Add to that Death's older brother, Charon; Elizabeth Báthory, obsessed with grandeur and infamous for bathing in the blood of virgins; Jack the Ripper; Hitler; and Nero.

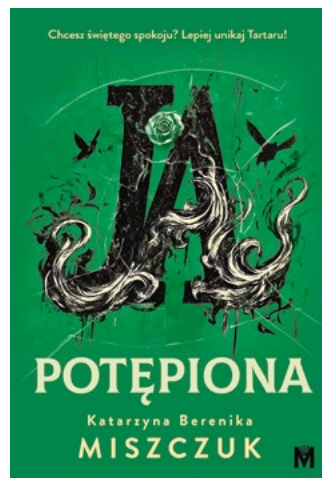

Will I be able to find my way through the labyrinth that surrounds Tartarus?

And where is Beleth?

## Iron Wings

He was her weakness. She was his hope. Together, they defied fate.

Karhu, a young centaur enslaved in a fog-bound estate, has spent years serving the cruel Count Valeris. But when he forms a forbidden bond with the count's daughter, Edlynne, everything begins to shift. Haunted by her past and trapped in a golden cage, Edlynne longs for escape – especially when her father promises her to a monster in human skin.

Their flight from captivity sparks a dangerous journey through a world ruled by iron and steam, where magic is outlawed and mythical creatures are hunted. As Karhu and Edlynne fight for freedom, they must confront their deepest fears – and discover whether love can survive in a world that wants them broken.

**Bloody fairy tales refuse to be forgotten.**

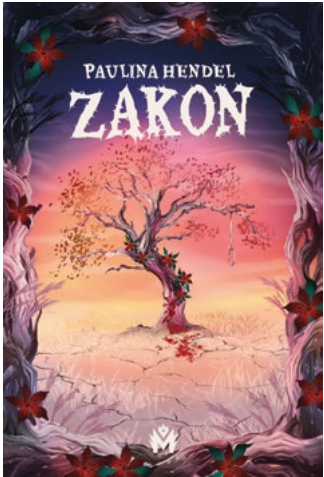

The dry season has returned. This time, evil has taken root in Liberia, and Warden Kilian Storm knows that if he fails to stop it, his beloved city will soon teeter on the edge of panic, dragging the entire Colony down with it.

The Peace Guard investigates what seems to be the suicide of a local newspaper editor, a man who might have delved into the past just a bit too deep. Soon, even more bodies begin to surface. Someone is killing again, imitating the children's fairy tales. Could the unohora, the mysterious beast said to haunt the bush, be real? And what does it have to do with the inexplicable madness that is gripping the ogres in the heart of the island?

In Paulina Hendel's new novel secrets buried in dust and blood rise to the surface once more. Darkness hums beneath the sun-baked streets, and even the wildest legends may turn out to be all too real.

## Where Did That Corpse Came From?

Jeremi Organek series | VOLUME 4

What are the odds that a weekend history conference turns into a murder hunt? Slim. What are the odds it turns into a hunt for two murderers? Practically none. Unless, of course, Linda Miller and Jeremi Organek show up.

They leave Lower Silesia convinced there will be no corpses, cadavers, or friendly policemen. Naturally, they find all three – plus a town near Warsaw hiding a century-old secret, a morgue with more surprises than a raffle, and Linda, who manages to annoy absolutely everyone (including the catering staff). Join them as they stumble through the most notorious unsolved murder in Congress Poland (Tersin), complete with flying bodies, suspiciously unhelpful locals, and the kind of chaos only a comedy-crime duo could attract.

### Why this book?

- ▶ **Monty Python** meets **Thursday Murder Club** – quirky humor colliding with crime investigation.
- ▶ Based on a true story
- ▶ Crime comedy at it's best with offbeat sleuthing duo

**Małgorzata Starosta** is a Wrocław-born author known for her witty crime comedies and engaging storytelling. **The willow remembers what we try to forget.**

Welcome to a world where even willows know more than family. Where returning home hurts more than leaving.

Kuba returns to Police after years abroad. Not out of longing, but out of duty – his mother needs care. Karolina has just discovered that her husband has absconded with goods worth hundreds of thousands. Life begins to resemble a bad reality show. But somewhere between another diagnosis and an emotional barrier, something unplanned begins to bloom: affection.

And just then, a truth never meant to surface comes to light.

*Children of Willow* is a novel about care given without invitation, love that doesn't ask permission, and a truth that waited too long.

Here, everyone has roots – but not everyone wants to return to them.

**Małgorzata Stasiak** – novelist, former blogger known as the Countess, and a keen observer of life's quiet absurdities. She writes about what bites and blooms beneath everyday chaos – where love hides in unlikely places and truth waits its turn. ## Her Majesty's Red Ale

**A century-old brewery. Two generations of secrets. One unexpected love story.**

Michał, a world-renowned photographer, and Waleria, a gifted bookbinder, are drawn together by a brewery on the brink of closure. What unites them is a legacy of stolen recipes and forbidden love; what divides them are betrayals buried deep in family history.

As the past resurfaces – the hidden romance of grandmother Waleria and uncle Antoni, the theft that shattered trust – Michał and Waleria must decide whether they can overcome generations of silence.

Will they risk everything to save the brewery, protect their family's heritage, and open their hearts to a love no one saw coming?

## Bugaboo and the Secret of Godling

Bugaboo series | VOLUME 1

Over **66.000** copies sold of the whole series

In an old, mysterious house in the middle of nowhere, behind a tall fence, lives a boy named Bożek – also known as the Bugaboo – who is never truly alone. Apart from the old treasure chest and the coolest mom, he has a real and most loyal guardian angel... and a monster under his bed, who keeps stealing his slippers.

But one day, Bożek must finally leave his extraordinary home and discover the world that lies on the other side of the fence. A world without the rustle of angel wings or the reassuring grasp of monstrous tentacles. Is he ready for it? And perhaps even more importantly – is the world ready for Bożek and the great secret he carries?

*Bugaboo and the Secret of Godling is both amusing and terrifying. It shows you that being different is not as bad as you'd think, as long as you always remain yourself.*

## The Ramshackle Palace

*The Death's Head series*

**A school camp like no other – and one you'll never forget.**

Emka Jaroszevska didn't get into high school. Twice. Her final shot? A mysterious academy offering one last chance – an exclusive five-day recruitment camp deep in the woods. At first, it seems like her luck is finally turning around. But just as she's about to arrive, her mother vanishes without a trace. The car disappears. Her phone dies. Time itself seems to stall. Suddenly, Emka find herself stranded in a forest with strange mix of teenagers (and one oddly calm ten-year-old), with nothing but a crumbling palace looming over them. If you ignore the lethal game of chicken, girls turning into lambs, frogs that could swallow you whole, and a string of other impossible horrors – you might say it's just an ordinary school trip.

### Why this book?

- ▶ A modern Grimm and folk tales for TikTok generation

## Who will kill Georgia Morgan?

---

Not every bride is destined for a happy ending.

London, 1925. Georgia Morgan is young, impulsive, and engaged to a man she barely knows. But someone else is planning her future – her wedding and her murder. The threats she receives, inspired by twisted fairy tales, grow darker by the day. Assigned to protect her is Paddy, a weary detective's assistant with no patience for drama and even less for brides. Yet Georgia's reckless charm and Paddy's reluctant loyalty spark something neither of them expected.

As danger closes in, Georgia must choose between a loveless marriage and a perilous escape. But in this story, happily ever after might be the most dangerous ending of all.

A gothic mystery with romantic tension, fairy tale menace, and a dash of dry wit – perfect for fans of historical thrillers and genre-bending suspense.

### Why this book?

- ▶ YA crossover with adult appeal: historical setting, romantic suspense
- ▶ Dual POV dynamic: reluctant protector meets impulsive bride-to-be
- ▶ **Enola Holmes** meets **Only murders in the building**

**Aleksandra Maciejowska** – born in Tarnów, is a writer, performer, and host of the Humanist Babble podcast. # If you're talking about risk

To risk or not to risk – that is the question.

After a tragic loss, Evie seeks a fresh start at the Shakespeare Institute, determined to become its top literature student and reclaim her future. Aiden, burdened by his father's expectations, is equally driven to win. Their rivalry quickly turns into a “competition with benefits,” where ambition and attraction clash. As emotions deepen and the stakes rise, both must confront what they truly want. Set against the backdrop of poetry, passion, and academic pressure, this is a story about rewriting the rules – and risking everything for love.

## Why this book?

### The Winter House Secret

Uncover the secrets buried beneath paradise.  
Fuerteventura has never been this deadly.

When Lula and her friends arrive on the sun-drenched shores of Fuerteventura, their goal is clear: investigate the legend of a sunken U-Boat hidden beneath the crumbling estate of a reclusive German industrialist named Winter.

But history has sharp edges.

A long-forgotten diary – linked to the island's Nazi past – pulls them into a deadly game of riddles, cover-ups, and conspiracies that stretch far beyond anything they imagined. As the truth begins to surface, so do the shadows of Lula's own past.

What started as a thrilling investigation soon turns into a fight for survival. Because some secrets weren't meant to be found.

## Are children responsible for caring for their parents?

Three years after his wife's death, Ryszard's children gather in his small Wrocław flat. What begins as a warm reunion soon unravels into a tense confrontation rooted in childhood wounds. As emotions rise, each must face the question: who bears the weight of care – and of memory?

### Why this book?

- ▶ **Universal themes:** aging, obligation and unresolved childhood wounds
- ▶ Emotional family drama
- ▶ A consistent bestseller
